Dear Sirs,

I am writing to you in the rather desperate hope that you might have the negative of the enclosed photograph of the late J.H. Hofmeyr. It was taken in your studios in 1909.

The author Alan Paton of HOFMEYR, which we published recently, sent us a print for the printers to make a block, and this has been lost by the printers. We do hope that you might be able to lay your hands on the negative, and that you would then make a new print for the author.

Yours faithfully,
