Dear Mr. Paton,

Although I have tried several times since my last letter to you, I have not succeeded in contacting Mr. Berlin yet. He is apparently much away. However I shall persevere.

Regarding your other inquiry, I fear you will not be given access to official documents other than the annual reports, which are of course easily procured at any library. In any case I doubt if there is anything in the files that would be of sufficient interest for your purposes.

Yours sincerely,
