Dear Mr. Weir,

Many thanks for your kind letter of March 11. Unfortunately I went up to Johannesburg before your letter arrived, but I would be very glad to study the documents mentioned by Dr. H.N. Berliner. I think the best thing to do would be for me to get into touch with you again, as I do not propose to commence this work until July or August.

Thanks for your invitation to lunch, which I shall certainly bear in mind. Unfortunately my visits take me to Johannesburg rather than to Pretoria, but you will almost certainly see me in the latter half of the year, as I would like to discuss with you the whole question of approaching the Department for information relating to Hofmeyr's actions as Minister.

Kind regards.

Yours sincerely,
