Your letter dated 2/5/78  
was most welcome and I do hope  
you are well - as with me I  
am just ches. Maadu visits  
me regularly. I am still awaiting  
the relaxation order before  
I begin anything. Gwala

departure and also Brigadier  
Fouci who accompanied us  
down from the sled told us  
of your departure and ~~also~~ also  
that of Maslet's. The folks  
back here are tops and are  
only awaiting the strike - but  
it has already commenced at  
least according to Kinger last June.  
What are your plans that end?  
I hope fruitful - Well you  
know that road to freedom  
is a bitter one - well Vietnam  
showed the way - let's abide

time and victory is ours. I will  
be sending you the copy of the orders  
soon. I hope the folks you are  
with are well especially Jello  
this family. I hope Thumba briefed  
you of the role of the PAC, Wilson  
& BPL are engaged in at the island.  
First, I will furnish you some in  
the next letter. Since you talk  
of financial assistance I do hope  
you will drop me a few lines.
