VOLUME 20 No. 2:

This will probably be taken up by a series of article on local government, based on a workshop recently conducted by the Institute for Social and Economic Research at Grahamstown.

FINANCE:

Peter Brown reported that REALITY was in dire financial straits. Printing costs had doubled in the last two years and gone up by more than a third since the beginning of the year. If the journal was to continue in production in 1988 a cheaper method of producing it would have to be found. It was agreed that City Printing Works be asked if they had any suggestions, that H.Delvin be approached for a quote, and that John Aithcison's advice be sought.

DATE OF NEXT MEETING: Tuesday, November 10th at 8, Christie Road at 4.15 p.m..
