Dear Gary,

Thank you for your article, which we would certainly like to publish.

I hope it will appear in the September issue but it might only come out in November. The reason is that we had to leave out some of the July material because of the Emergency and, if things have changed by then, might be able to use it in September — in which case we would have more than would fit into that number. I hope you won't mind if that happens.

I have asked about the Msimang information you are interested in. There is a little bit — probably only about a quarto page — and what there is may not add much to what you already know. That page is not easily accessible in these times, but it will be sent to you as soon as it is.

Yours sincerely,

P.M. Brown.
