Dear Professor Ashley,

Thank you for your letter of 12th September.

I was in Johannesburg at the end of last week and the suggestion was put to me by somebody up there that perhaps we should devote the whole, or a large part, of one issue of REALITY to articles on education and the future.

If we were able to arrange such an issue I wonder if you would be prepared to contribute to it? And, if you were, would a deadline of the last week in January be possible for you?

This is all rather tentative still, but I thought I should let you know about the idea in good time.

Yours sincerely,

P.M.Brown.
