Dear AFRAPIX,

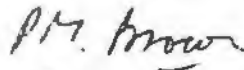

I am returning with this letter your SATS strike photographs , my cheque for R15,00 and a copy of the issue of REALITY on the cover of which one of the photographs was used.

I regret the delay but we were hoping that we might be able to use some of the other pictures in the next issue. Unfortunately we do not have a suitable article with which to use them. We do however have an article on the Dakar expedition and wondered if you had any pictures relating to it which we might use ? Perhaps something relating to the airport rumpus -- or anything else for that matter ?

If you do have such pictures would it be possible for you to send us a selection by the end of the month ?

With thanks.

Yours faithfully,

P.M. Brown.

P.S. Could the pictures be sent to me at the above address please ?
