Dear Mr Brown,

I am attaching a copy of an article entitled '**Judicial Control of Arrests and Detention : Theory and Reality**' for consideration for publication in Reality. As Tony has mentioned to you I shall also be submitting a slightly longer and more legalistic comment on the same case to the South African Journal on Human Rights. I believe this is acceptable from your point of view.

I am enclosing a copy of the as yet unreported judgment of Thirion J in Manning's case for your convenience. This case forms the basis of my comment.

Yours sincerely,

Jonathan
