Dear Dave,

Many thanks for the copy of the Speech to the Cape Town Press Club and the cheque which came with it.

I think that the decision on whether to publish the address in REALITY or not will depend on what O'Brien does. I had a letter from him late in January, apologising for not having written earlier and also saying that, because he had been away, he was not able to meet the deadline of the end of January. I then wrote to him asking him to do something for the following issue, i.e. an end of March deadline. I haven't had a reply to that letter ~~either~~ but if the article comes we will have to use it and I suspect it will cover a good deal of the ground dealt with in your talk. But if it doesn't come, we would very much like to use yours and certainly will.

All the best to all of you.

Yours

Atal
