Dear Mr. Smyser,

Thank you for your letter of December 21st.

I am sorry that this reply has been rather slow in coming but I was away when your letter arrived.

I am afraid I cannot find the article to which your letter refers. I have been through the back numbers of REALITY to the beginning of 1980 and the nearest I can get to something on Botswana is an article on a cultural conference held there in 1982.

Can you give me anything more definite to work on ?

Yours sincerely,

F.M.Brown.
