Dear Mr. Martins,

Thank you very much for your letter which arrived safely  
a day or two ago.

Itseems as if your studies are coming along very well  
and that the B.A. shouldn't present any problems. Doing three courses in both  
English and History makes good sense too.

The REALITY subscription has been arranged, so, provided the  
journal can survive financial and other problems you should get it for the  
full year.

We are all well and hope the same goes for you.

Good luck in those exams when their time arrives.

With best wishes.

Yours sincerely,

*Alan Brown*
