Dear Mr. Baines,

I must apologise for the delay in replying to your letter asking about Sheila Hindson, but I have been trying unsuccessfully to get her address for you.

She has reverted to her maiden name of Sheila Meintjes and has recently married again and moved to Johannesburg. I will get her address eventually, but it may take time. You might write to the Department of Social Anthropology at Durban University and ask them, because that was her last base, I think.

I will try to locate a copy of the REALITY you are interested in and will enclose it with this letter.

Yours sincerely,

P.M.Brown.
