

PC16/5/1/1/1

P.O.Box 71,  
Hilton Road,

NATAL.

28th June, 1968.

The General Secretary,  
Edendale YMCA,  
P.O.SIKOLENI.

Dear Mr. Zinti,

I am returning your Annual Report with one or two corrections and suggestions.

In addition to the suggestions contained in the copy which I am returning, I have one or two others. As Page 2 states, it will be necessary to obtain the report on the Tennis Section for inclusion. Mention should also be made of the Association's paid-up membership for the year and I think something should be said about the considerable amount of fund-raising which was done during the year, through functions held at the YMCA. Finally, I think you should say something about the change-over in General Secretaries, referring to the position as it was planned to be at the end of the year covered by the report, i.e. March 31st.

Once the report has been accepted copies of it and of the Annual Accounts should be sent off at once to the Local Health Commission, National Secretary of the YMCA, Community Chest, Natal University Rag, Messrs. English and Nichols, the auditors, and any other person or institution the Board feels appropriate. Both the Rag and the Community Chest should be thanked for their past help, as should the auditors. The Local Health Commission should be thanked for past help but should also be asked to renew its grant for the current year. You will find copies of the letters written in previous years in the files.

I think that is all. The important thing is to get these letters out quickly so that the financial position is assured.

Yours sincerely,

*Alan Patern*
