P.O. Box 86,
BERGVILLE.

Dear Paul,

I have spoken to the lawyer I told you about and he will be happy to help if your people want him to do so.

Since I came up with Elliot and Alan last week this notice has appeared in the Natal Witness. I think it refers to Rookdale. I showed it to the lawyer and he says these people, whose names are given here, should put in claims for compensation. Do you think you could give this notice to Mike and ask him if he knows any of the people? If he does he should advise them to put in claims for compensation.

At the same time could you ask Mike if anything has been done by the people who will be expropriated because of the water furrows ?

Yours sincerely,

Alan
