Dear Mr. Dladla,

Thank you for your letter of 1st June and the notes which you sent with it.

I was away when your letter arrived and I have been away at the farm at Nottingham Road ever since I returned. It is the time for burning firebreaks, as you know, and I will have to finish those before I can spend a day in town. As soon as possible I will make an appointment to see Mr. Davies.

Yours sincerely,
