Dear Sir,

re: THEMBA JOSEPH ZWANE

We act for above who is at Zimani Cripple Care at Edendale.

He advises us that you concerned yourself in his fate. He lost both legs below the knee whilst working for an Indian contractor on 20/10/1981 and is apparently now in receipt of a 100% disability grant from WCA.

What concerns us is that he is unable to tell us whether any MVA (third party) claim was ever made on his behalf.

Could you perhaps enlighten us if you have any information?

Of course, if an MVA claim has not already been lodged, his right to do so will have prescribed.

Yours faithfully,

BASIL J FENN & COMPANY
