

PC16/5/2/1/139

28th August, 1961.

The American Consul,  
144, Smith St.,  
DURBAN.

Dear Sir,

I write in support of an application for a scholarship in the United States, which I understand has been submitted by Miss Caroline White, a young Pietermaritzburg University student.

During her time at the University of Natal I have come to know Miss White as an active and enthusiastic member of the Liberal Party. She has done a considerable amount of voluntary work for us and, during her last vacation, ran our Pietermaritzburg office during the absence of our secretary and myself. She did so very well.

In my acquaintance with Miss White I have always found her bright, intelligent and capable. She is firmly committed to the principles of non-racialism for which the Liberal Party stands and has never been afraid to say so.

I believe that Miss White is the kind of person who would extract full benefit from a course of study in the United States and would return to South Africa to be of great value in the difficult times which undoubtedly lie ahead.

Yours faithfully,

National Chairman,  
Liberal Party of South Africa.
