My dear Peter,

Your secretary returned the enclosed letter from J.B. Masuhli on your behalf with thanks. I am sending it back to you, however, because I would much value your advice as to how to answer it. As you know, the Natal Convention is not forming an organisation which can enrol members. Would it not be best to direct Mr. Masuhli to the local leaders of the Liberal Party and if so, who are they and what are their addresses?

I cannot think of any other body to which I can direct my correspondent unless we do begin to form a Convention organisation, which seems to me neither desirable nor practicable.

Please return the letter with your reply.

Yours sincerely,

A handwritten signature in blue ink that reads "Edgar Brookes".
