The Star,

P.O.Box 1014, Johannesburg.

Dear Peter,

Dr Tony Brink asked me to send you the enclosed cuttings. The latest has an overly optimistic headline I'm afraid. But, nevertheless, some headway is being made - even if it is only in the form of an investigation into the inadequate educational facilities in the area.

You may or may not remember me from many years back. I am the neice of Ruth Hall - formerly Betty Silburn. My married name as you will see is Wilson.

Hope the cuttings are of use.

Elizabeth Wilson
