Dear Archie,

I am enclosing the cheque as promised.

I saw Chota yesterday and he will probably try to see you during next week.

I told him that I hoped to be able to contribute a further R 1000,00 early in August but that I was anxious that the books should be completed and in order before going any further than that, so that everyone had a clear picture of the overall situation, apart, of course, from the fact that the prospective partnership depends on that having been done.

I hope Chota comes up with some helpful ideas, which I am sure he will.

Regards to the family.

Yours,
