Attention: Mr. Dempsay Noel

Dear Sir,

UMGENI SOUTH TOWN PLANNING SCHEME IN COURSE OF PREPARATION :  
PROVISION OF PUBLIC OPEN SPACE

Your letter of 3 June 1983 to the Town Clerk in the above regard has reference.

The City Engineer's Department is aware of the demand for land for Coloured housing and has recently begun a thorough review of the above Town Planning Scheme. During the course of this review the allocation of land for housing and other purposes will be subject to close scrutiny and where merit is seen in amending any of the provisions of the Scheme, such amendments will be recommended to the City Council for adoption.

Yours faithfully,

*G.A. Williamson*  
CITY ENGINEER
