Dear Ernie,

Have I thanked you for the R300,00 cheque yet ? If not, I'm doing so now, and very heartily. All you have to do now to really get yourself in REALITY's good books is send us a list of the people who are contributing to the fund still. How about it ?

Many thanks for the list of suggested names for the Vale affair. I hope it's not going to be too bloody academic. Suggested additions from Natal are Marie Dyer, Sam Chetty, Dempsey Noh, Pat McKenzie, Christopher Shababala, Mike Ndlovu, Ishwar Amin and Deneys Schreiner, and from Cape Town, Eulalie Stott, Maggie Rodger, Bill West, Francis Wilson, Brian Bishop and wife, David Philip and John McQuarrie. You might have to run a senility-counter over the whole lot before sending out the invitations. Paton has said he won't come if Ngubane does, just to add to the problems. I don't know if he really means it.

Love to Jill.

Alan
