STATEMENT.

We understand that the Students' Liberal Association at the University of Natal in Pietermaritzburg is campaigning for the disaffiliation of the University from NUSAS.

We do not think their campaign represents Liberal views in general.

Although there are aspects of present NUSAS policy with which we do not agree, we think that to disaffiliate from it would be wrong. If there are illiberal tendencies in NUSAS, the right thing to do is to stay and fight them there.
