Dear Peter,

Thank you very much indeed for the article on the Liberal Party. It is exactly the sort of thing we had in mind.

I should add that your longer article also filled the bill admirably. It was most instructive and got its message across effectively. We thought of calling it 'The struggle against apartheid in the Pietermaritzburg region'. If you don't like it and want it changed, do let us know.

Finally, I should like you to know that we greatly appreciate the way in which you have stepped in at such short notice and given us such quality articles so quickly.

Yours most sincerely,
