Dear Randolph:

Just a quick note to thank you for seeing me and going through the tedious recording process. I am at present trying to get money to get the tapes transcribed since I think they'll have more value that way and ultimately be more accessible to researchers.

Thank you also very much for inviting me to hear Peter Brown and to stay after for dinner. It was a most enjoyable evening.

I wonder if you've seen a copy of this article about Swapo and torture which appeared in Baruch Herson's publication Search Light? In any case, I think it might be of some interest to you.

Once again, many thanks.

Yours sincerely,

Magnus Gunther  
Professor
