Dear Magnus

Thank you for your letter of 9 August and for the Searchlight article. There was another one on the subject by Paul Trehwela in their current issue. Let me know if you would like a copy of it. Baruch and his Trot circle have now shifted their attention to the ANC dissidents and their sufferings, as the war against the Stalinists goes on unceasingly...

I enclose a copy of the notice putting the ARM in the clear, reprinted from the South Africa Journal on Human Rights. Peter Brown asked me for some notes on my early Namibian connection, which it may also amuse you to read.

Do let me know how it goes with the transcription. You will not have forgotten that you agreed that I should see a transcript of my own talk with you.

Yours
