Dear Nev,

Apologies again for delayed response.

As I mentioned in my last note to you-I am working on a day by "diary" which I

will send as soon as possible.

Re Annie-could you send me her email address. I have the names of all the Rhodes group and some govt. docs on them nothing v interesting. Talked to Jill

Gane a couple of years ago but she did not want to be interviewed then -was leaving JHB the next day-and asked that I deal with her by email. Have not done

so but will if I have time. A bit overwhelmed at the moment. My sense from Derek C is that they did nothing but talk-screw each other and kow tow to their

leader -forget his name for the moment Oh Wade. The most interesting may be Carter who I think is Scott Smiths long time lover. Scott has resolutely refused to respond to me.

Thanks again for all the v usefull help

Cheers

Magnus

PS Do you know that Galt has been living in SA for the past few years?
