Dear A,

The obscenity charge has not been brought against Joan Hook, we will need money - any sum this time.

Jim J writes that they would like you as representative as editor & director. What do you think? I thought you had already said no. They should have it predates of course.

Further talk with CCF even was promising, but all conditions on full job being done here. What can you say about Lusaka? Urbabam? Harold will do something at Dar. Please we pay an agent (£10 a week, £5 a week?) in these places.

Yours R
