

18th September, 1961

Dear John,

Many thanks for yours of 13th, which arrived yesterday.

You will doubtless have heard of a slight flop which took place earlier this month in Joburg. Somehow, our chaps just don't seem to have developed a sufficiently businesslike technique yet.

Thank you for arranging financial matters as you have done: Tom's address is Findlay and Tait, Cape Times Building, St. Georges St., Cape Town. On the subject of money, do keep me posted as to the maximum sum we can expect to receive in the near future. Some attempt should be made at budgeting, otherwise we shall come unstuck.

I have heard little further from Ernie, though what I have got from Liz seems to indicate a continued determination to carry out his earlier plans. The postal situation remains a mystery to me - and I must say that I am gradually coming round to your view that things are just not being done. I have suggested that I act as a clearing house at both ends, but have had no reply to this as yet.

With best wishes,

Yours,

Neville Rubin
