P.O. Box 278,
HILLCREST.

Dear Dr. Paton,

The Star, our sister newspaper, has confirmed its interest in serial rights to your book "Kontakion", and would like to use about 4,000 words in two or three extracts.

The Star has offered R50 per 1,000 words but this offer may increase if other newspapers in the Argus Group show interest.

We understand that the London Sunday Times will be using extracts from the book and wonder if these would be available to us. We would also like to know when we could publish the extracts.

Thank you for your co-operation.

Yours faithfully,

ASSISTANT MANAGER.
