Dormans,  
Lingfield.

Dear Mr. Mendford,

Thank you for your letter of March 28th. What you copied out for me was very helpful.

I hope to see you sometime in July or August, to thank you in person for the help you have given me, but before then I shall send you the first five chapters of the book, on which I shall be glad to have your comments. At the same time I shall be sending them to Donald Harris.

Yours sincerely,

Alan Waton
