Sir,

I have read your book "Cry, the Beloved Country" which has interested me very much and profoundly moved me. I do not know whether it has already been translated into Danish but if it has not I should feel much obliged if you would authorize me to undertake the translation.

For your information I beg to add that I am presently attached as a clerk to the Royal Danish Legation in Pretoria, sent out from the Ministry for Foreign Affairs in Copenhagen, where I have been working for many years.

Yours truly
