Prof. C.D. Herisson,
Rhodes University,
GRAHAMSTOWN.

Dear Professor Herisson,

Many thanks for your letter of July 23rd and many apologies for the delay in answering same.

I have written to Charles Scribner's Sons telling them of your suggestion and asking them what is the position in regard to a French translation. I know that there was talk of such a thing at one time, but if I find that nothing came of it, I shall get into touch with you at once.

Yours sincerely,
