Dear Mr. Paton:

We have just had a cabled inquiry for the German rights to your book, CRY, THE BELOVED COUNTRY, from Wolfgang Kruger Verlag, Hamburg, Wellingsbuttel, Mohlendannen 21. They guarantee a printing of 15,000 copies for their original printing of the book.

This is a very well established house in Germany and the agent here is asking Kruger to cable you direct in this matter. In the meantime she has asked me to send on this letter to you in case the German rights are still free and until she can get cabled word to Kruger, giving your address.

Yours sincerely,

W. G. Low
