Dear Steve,

I enclose a copy of a letter received from the Secretary of the Edendale Benevolent Society. The letter explains itself, and I have replied promising to bring it to your attention. I should be glad to help these people if I can.

I paid a visit to Johannesburg two weeks ago, but did not stay there for any length of time at all, so was unable to come to see you. The time before that, unfortunately you were away, in Capetown I think.

Annie Laurie Williams has at last succeeded in getting statements from London Films, so you need not worry any more about this. Judging from the statements it would appear that Zoli has little hope of getting his money back. I have written to him at least twice, perhaps three times but have received no reply. I think he has wiped me out. Have you heard anything about him at all?

The film came to Port Shepstone just before we left there, but according to reports it was much the worse for wear. I do not know whether you have anything to do with this side of the matter, but I thought I should bring it to your attention.

I have heard from several sources that Alex has re-married, though I never saw the news item myself.

Best wishes my dear Steve,

Yours sincerely,
