Dear Sir Alexander,

I received your cable yesterday about your brother's visit to South Africa, and I replied to you today as follows:-

"Will gladly meet your brother but ask if possible seven days' notice of place and time of meeting stop offer all help and send kindest regards".

Please tell your brother that I am ready to meet him anywhere he wishes. Durban would be the most convenient place for me, but please tell him that he must consider his own convenience first and that I am willing to travel to Johannesburg if he considers that necessary.

I close with kind regards.

Yours sincerely,
