Dear Mr. Paton,

Many thanks for your note. I am delighted to hear that your American friends have fallen in with our suggestions. I will certainly supply you with some record dubbings as soon as possible, to the value of 50 dollars. Incidentally, my friends here would be glad to have the dollars, as you suggest. As soon as we have the records ready, I will write you a note.

With regard to "Zulu Paradox", I understand it is coming out in time for the Christmas market and will be distributed by the C.N.A. Incidentally, it is a mere trifle for the popular market and by no means what I would call a serious work.

With kind regards,

Yours sincerely,

Hugh T. Tracey
