Mr. Alan Paton
Kloof, Natal
South Africa

Dear Mr. Paton:

I am one of those professional colleagues who has been deeply touched by your many writings. I am also one who has been helped towards maturity by one of your works in particular, "South African Tragedy." We are also kindred spirits politically and philosophically.

Intuition tells me there may be little time in which I can express my appreciation so I hasten to do it. Please then accept this simply as a most appreciative, warm, friendly, eternally grateful reaching across the miles and miles of space to say, "Thank you. I admire your works and envy your abilities."

I wish you joy and pleasure in your changed or new personal life and wish there were some other more tangible way I could share your burden of hurt for people who are not free.

Cordially,

J. M. STUBBLEBINE, M.D.
Program Chief
