Dear James,

I hope you received the pictures of Edgar Brookes safely.

I had a letter from Secretan, and he does not want to send one of himself, but rather of the Radcot Boys' Camp in which both he and Hofmeyr figure. I have also heard from Babu King, and he is sending one or two pictures of the Balliol Boys' Club. Both Secretan and King will either send the photographs direct to the OUP in Cape Town, or through the OUP in London or Oxford.

Dennis Bughwan, the Durban photographer, came up today and says he can recondition the photograph of Hofmeyr in a canvas hat, sitting at a cricket scoring table. This you will be receiving in due course.

I think that the picture of the young Hofmeyr with a cat on his shoulder is with Leo Marquard. Will you check up please?

I received from Reg Pearse today a splendid picture of Hofmeyr with Bull at a boys' camp, and also a group photograph which includes Hofmeyr, Bull, Pearse, myself, and others at camp. I am sending these to you at the same time as this letter.

I hope you also are making progress.

Yours sincerely,
