Dear John,

I have had to change my plans and shall be going to Johannesburg on January 12 for the opening of SPONONO. If I can, I shall send you the first thirty chapters of the biography beforehand, and then bring ten more with me. That will almost complete the book.

I hope to stay in Johannesburg from January 12 - 19, and hope that you will be able to complete the reading of the typescript in that time.

Yours ever,
