Dear Leif,

Sorry I have had to change my plans and am going to Johannesburg on January 12. I shall be there about a week, but if I am able, I am going to send you the first thirty chapters before that date, so that you can read them at greater leisure. Then I shall bring ten more with me, after which there will be only two or three more to be written.

All best wishes to you and Doreen for the New Year.

Yours ever,
