Dear Mr Thomas,

Thank you for your letter. You may be sure that when I visit Johannesburg I shall let you have the chapters a few days before I come up, that is, naturally, if I am still able to travel. One does not really know how Mr Vorster will use his powers.

Meanwhile could you answer me one question ? For what years between 1924 and 1938 was Hofmeyr Vice Chancellor of the University ?

Thanking you in anticipation,

Yours sincerely,
