Dear Mr. Thomas,

It is quite clear to me that even the small portion I sent you stimulated you. Therefore I have decided that when I get an opportunity of coming to Johannesburg I shall send the promised chapters to you a few days in advance. I do not expect any big pieces of new information, but even what you wrote to me helps me to draw certain pictures with a surer hand.

Yours sincerely,

P.S. Could you answer me one question - was G.H. Beatty ever a member of the University Council, and if so, when?
