Dear Mr. Robson,

I met your daughter-in-law when I was at the University of the Witwatersrand, working on the Hofmeyr papers, and she told me that you had worked under Mr. Hofmeyr at Milner Park. As I am writing his biography I thought perhaps you would have something of interest to tell me. If you are willing to see me, I could come down one day, arriving about 10 a.m. and staying an hour or two.

Please let me know if you are agreeable.

Yours sincerely,

DP.
