Dear David,

Thank you for the copy of your letter to the telephone manager. I am sorry that this confusion has arisen concerning November 6 and November 7, but I hope that when further inquiries are made from you you will at least be able to say emphatically that we have never had a telephone conversation lasting twenty minutes or whatever it may have been.

Thank you for the leader from the ZIONIST RECORD which I now return as requested. I agree with you that it is of a higher standard than some. Thank you also for the review from Bookshelf by Taggett. It would enlighten me to know what Bookshelf is.

In regard to the photograph of Hofmeyr, B.A. with Cat, if it is lost then it is lost, and nothing can be done about it.

I would like now to ask you one important question. Is there likely to be a second edition as distinct from a second impression? For certain important reasons I would rather there were a second edition than a third impression, and it might be necessary for me to work for a month on it. As I am anxious to arrange my year as profitably as possible, I would like to know your answer to this question. You need not write but could give it to me personally on Sunday January 31. I am in fact reserving this date, or part of it, for you, and I hope this will suit your convenience.

Thank you also for your letter of December 4 in regard to corrections for the second impression.

Yours sincerely,
