Dear Mr. Weir,

I wonder if you will remember writing to me some three years ago in connection with some MSS., on "United Nations", written by the late J.H. Hofmeyr. You suggested that I might care to look at these, and told me that you thought Dr. H.N. Berliner would be willing to lend them to me. At the time that you wrote my work on the Hofmeyr biography had been unavoidably held up, but I am now resuming it and would be very grateful if you would approach Dr. Berliner on my behalf.

Kind regards.

Yours sincerely,
