23rd October, 1952.

Dear Mr. Secretan,

Alan is away from home at present but has asked me to let you know that we are returning the further Hofmeyr letters you sent, and thank you very much for the loan of them.

The letters will go by registered post, sea-mail, and should reach you about three weeks after receipt of this letter. We have taken extracts from them for the purpose of the biography and found them both helpful and informative.

Yours sincerely,
