Dear Professor Frankel,

Alan has gone to the States but before he left he asked me to write and thank you for the material regarding Mr. Hofmeyr, which you sent him, and to apologise for the long delay in doing so. He said he tried to make you feel less uncomfortable by being dilatory himself!

The delay did not worry him at all, as in any case he does not intend to do anything with the biography while Mrs. Hofmeyr is alive.

Yours sincerely,
