ANTI SEMITISM

.....I am of late genuinely disturbed by the way in which some of our Professors have been taking part in what is nothing less than a racial crusade.....and have been speaking at meetings organised by political parties.....can only be said that they are neglectful of their duty to our Universities which are called upon to offer an equal welcome to all members of the community capable of benefiting by the instruction they make available.

NATIVE PROBLEM

Contributions from all sections to the common task of building up the South African Nation.

ANNUAL DINNER OF S.R.C.

.....It is a high though exceedingly unusual honour for an Administrator who is a servant of the Government to be subjected to a political attack by a Minister of that Government.....I am sitting on the fence. I have sought to maintain an attitude of strict impartiality. Until February 28 I am content to be described as a bed bug with all the eloquence and good taste of which my friend Dr. van Broekhuizen is so conspicuous an exponent.
